

Network Scan Report

Generated At: 2025-06-21 19:28:41

Summary

This report contains the scan results for 192.168.1.1.

Total 0 TCP ports and 200 UDP ports were scanned.

Operating system detection: Linux/Unix

Port Scan Results

Service Distribution

Operating System Detection

Security Recommendations

- Port 53 is open.

Detailed Results
